WASHINGTON, D. C.

ANNOUNCEMENT

WE beg to announce that Mr. Frank P. Milburn, Mr. Michael Heister, and Mr. Geo. F. Kepler have formed a company and will practice architecture under the name of FRANK P. MILBURN & COMPANY.

We will prepare plans, specifications and supervise the construction of all classes of buildings, making PUBLIC BUILDINGS A SPECIALTY, and it shall be our aim to establish an excellency of work that will at once appeal to our patrons, hoping thereby to obtain their confidence, also retain the good will and endorsement of former clients.

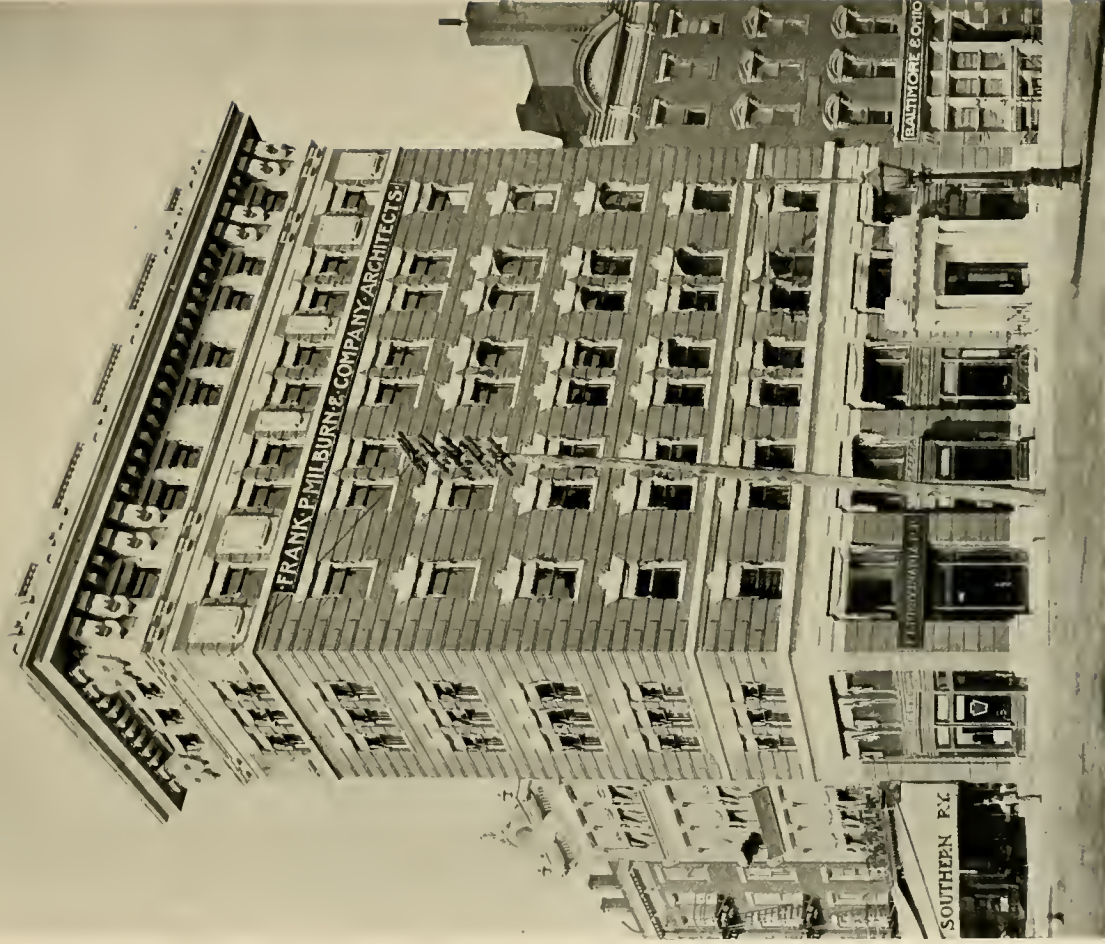

With the advantage of many years of practical experience, the adoption of the best principle of planning and designing, together with improved methods of construction, enables us to secure the best results for our clients, and as we have a thoroughly organized force of the best talent obtainable, our facilities are such that we can successfully handle all classes of buildings in any section of the country, and we solicit an opportunity for consultation, also to submit preliminary drawings to those who contemplate building.

OFFICE W. P. SNELGROVE, COUNTY SUPERVISOR.

ANDERSON, S. C., August 1, 1898.

MR. FRANK P. MILBURN,
Charlotte, N. C.

DEAR SIR:—At a meeting of our Building Committee to-day, which perhaps will be the last held, it was unanimously agreed that we should not adjourn without expressing our entire satisfaction with you as a man who will carry out to the letter his contracts. You have intelligently and conscientiously discharged every duty and obligation imposed upon you by reason of being the Architect of the new Court House and Jail for Anderson County.

The Court House is given up to be the handsomest County building in the State, and our people all laud their praises of both the Jail and Court House.

There has not been a hitch between the Building Committee and the Contractors, and both buildings have been completed according to the plans and specifications furnished by you, and this speaks worlds for the Architect.

In addition, we want to say that you have made friends of this entire committee, and that you are at liberty to refer at any and all times to either of us.

Respectfully,

(Signed) W. P. SNELGROVE, *Chairman*.
J. D. MAXWELL, *Secretary*.
JOHN H. JONES,
J. F. CLARDY.

I hereby certify that the signatures to the above instrument of writing are genuine. Witness my hand and official seal this August 12, 1898.

JNO. C. WATKINS,
Clerk Court, C. P. & G. S.

FLORIDA CAPITOL COMMISSION.

At a meeting of the Capitol Commission held in the Executive Office, Tallahassee, Fla., December 18, 1902, the following resolutions were passed:

"*Resolved*, That the Capitol Commission of the State of Florida extend its thanks to Mr. Frank P. Milburn and express its appreciation of his efficient services in the making of plans and specifications and supervision of the work of improving the Capitol. His work has been of inestimable value in connection with the building, and he is heartily commended to the public for work of a similar nature."

W. S. JENNINGS,
*Governor of Florida and Chairman
of the Capitol Commission.*

COUNTY COMMISSIONERS, COLUMBIA COUNTY,
FLORIDA.

LAKE CITY, FLA., September 1, 1902.

MR. FRANK P. MILBURN, *Architect*,
Columbia, S. C.

DEAR SIR: Believing that true merit should have its reward, we, the County Commissioners of Columbia County, Florida, desire to say to you that our new Court House, just completed and accepted, is the pride of our entire people. It has been remarked by many, among whom were our Governor and State Comptroller, that our building, in architectural design, attractiveness, comfort and convenience, has no equal in Florida. We are *perfectly satisfied*. And you, as the Architect of this building have the gratitude of our whole people, and you should feel proud of your handiwork.

With the best of wishes for your future continued success, we are,

Yours very truly,
COUNTY COMMISSIONERS
of Columbia County, Florida.
By R. T. BOOZER, *Chairman*.

COUNTY JUDGE, FULTON COUNTY, KENTUCKY.

HICKMAN, Ky., January 28, 1904.

To Whom it May Concern:

The Fulton County Court appointed Frank P. Milburn as Architect for the new Court House recently completed. His plans were satisfactory and our people feel that he has done his duty as Superintendent of the work. We have the best arranged and constructed building in Western Kentucky. All our people are well pleased and there are no complaints from any source. I take pleasure in recommending Mr. Milburn to anyone in need of an Architect, as a first-class man—knowing that they will not be disappointed should they secure his services.

Yours very truly,

H. M. KEARBY,

Judge of Fulton County Court.

**COMMISSIONERS OF ROADS AND REVENUES,
WILCOX COUNTY, GA.**

ABBEVILLE, GA., July 5, 1904.

To Whom it May Concern:

This is to certify that the County Commissioners of Wilcox County, Georgia, have accepted the plans and specifications for the new \$52,000 Court House as submitted by Architect Frank P. Milburn. The plans are complete and the building is now finished to the entire satisfaction of our people. We found Mr. Milburn honest, upright, and prompt in all our dealings with him, and we recommend him to anyone in need of the services of an Architect.

GEORGE F. McLEOD, *Chairman*,
J. B. MITCHELL,
T. M. PARSONS.

**COMMISSIONERS OF ROADS AND REVENUES,
WILKES COUNTY, GA.**

WASHINGTON, GA., JULY 11, 1904.

To Whom it May Concern, Greeting:

I, the undersigned, Commissioner for Wilkes County, Georgia, certify that Frank P. Milburn was the Architect for our new Court House, which cost \$45,000. He has rendered valuable services to this County in protecting their interests. I found his plans complete, and did not have one cent of extras, above the contract price. I found him to be fair, honest, and prompt in the discharge of his duties.

I do not give this recommendation as a matter of form, but I believe true merit warrants it.

C. E. SMITH,
Commissioner.

As Ordinary of Wilkes County, I fully indorse the above.

S. LANE, *Ordinary Wilkes Co., Ga.*

BOARD OF COUNTY COMMISSIONERS.

CHARLOTTE, N. C., OCTOBER 16, 1898.

To Whom it May Concern:

This is to certify that the Building Committee of the new Court House of Charlotte, N. C., adopted plans submitted by Frank P. Milburn, Architect, for our new Court House, the same being in their judgment the best design submitted, from more than twenty Architects.

During the construction of our building, we found Mr. Milburn a practical man, and his plans have given us entire satisfaction.

Yours truly,
(Signed) JNO. R. ERWIN,
Chairman.

PRESIDENT'S OFFICE
UNIVERSITY OF NORTH CAROLINA,
CHAPEL HILL, N. C.

OCTOBER 10, 1906.

FRANK P. MILBURN & Co., *Architects*,
Home Life Building, Washington, D. C.

DEAR SIR: I am glad to testify to the satisfaction which has been given the authorities of the University of North Carolina by the plans and specifications which you have prepared for various buildings here. The buildings are seven in number and we are pleased with both the beauty of design and the thoroughness of the specifications.

Very truly yours,
FRANCIS P. VENABLE,
President.

BAILEY BROTHERS,
INCORPORATED.
TOBACCO MANUFACTURERS.

WINSTON-SALEM, N. C., October 8, 1906.

To Whom it May Concern:

Mr. Frank P. Milburn was our Architect when we built our new Court House at a cost of \$60,000.00 in 1896, and Frank P. Milburn & Co. were Architects for our new County Home now about completed, which will cost about \$26,000.00. Both of above buildings are the best in our State, and I do not hesitate to say that I consider them one of the best and most reliable firms of Architects that I know.

M. D. BAILEY,
Chairman, Board of County Commissioners.

SMYTH COUNTY CIRCUIT COURT,
S. W. KENT, CLERK.

MARION, VA., May 29, 1906.

MR. FRANK P. MILBURN,
Columbia, S. C.

DEAR SIR: We have completed our new Court House from plans prepared by you, and we desire to take this method of thanking you for the satisfaction you have given us in these plans, and to assure you that the business relations our Committee have had with you have been pleasant and profitable. We have a Court House of which we are justly proud, and we feel that you are justly entitled to a large share of the credit.

We desire to say, also, that you planned a building which has been completed within the appropriation and with very few extras. The plans were full and complete, and the contractor and workmen had no trouble in understanding the minutest detail. Your eminent success with the building has induced the authorities of our town to contract with you for plans for our new \$20,000.00 school-building and the Directors of The Marion National Bank for its new bank building. We trust that at some future time we may have other work, which we shall cheerfully give to you.

Yours truly,

B. F. BUCHANAN,
W. L. LINCOLN,
J. S. GOETCHIUS,
Executive Members, Building Committee,

OFFICE OF JUDGE OF BOURBON COUNTY COURT.

PARIS, KY., June 15, 1905.

To whom it May Concern:

The Building Committee and the Fiscal Court of Bourbon County, Kentucky, selected the plans of Frank P. Milburn, Architect, of Columbia, South Carolina, for their new \$165,000.00 Court House, which is fire-proof, the first story being built of South Carolina granite, and the two upper stories of Bedford stone.

The building is now complete and the work has been carried out in a very satisfactory manner; while we encountered many difficulties and had trouble with our original contractors, we now have one of the handsomest Court Houses, if not the handsomest, in the State, and at the same time, one of the best.

Being inexperienced in this line of work when we started, we can now appreciate the valuable services rendered the County by Mr. Milburn; he has guarded the interests of our County in every possible way, and taken the greatest interest. He was well recommended to us, and we, with pleasure, recommend him to others who are in need of a competent and conscientious architect.

Respectfully,

H. C. SMITH,
County Judge of Bourbon County.

J. WILL THOMAS,
Chairman of Building Committee.

OFFICE OF BOARD OF COUNTY COMMISSIONERS,
LOWNDES COUNTY.

VALDOSTA, GA., June 30, 1905.

To Those Interested:

The County Commissioners of this County employed Architect Frank P. Milburn to prepare plans and specifications and supervise the erection of our new \$65,000.00 Court House. He has carried out his contract faithfully; we have the best Court House in the State of Georgia, and we feel that Mr. Milburn is entitled to credit for the manner in which he has protected our interests. His plans were complete, and we have not a single fault to find, and we take pleasure in recommending him to anyone that contemplates erecting buildings. He came to us well recommended, and has proven himself worthy of the good name given him.

T. S. McKEY, *Chairman.*
J. E. WEBB,
D. W. PASSMORE.

STATE OF SOUTH CAROLINA, EXECUTIVE
CHAMBER.

COLUMBIA, S. C., December 29, 1902.

MR. FRANK P. MILBURN,
Columbia, S. C.

DEAR SIR: It gives me a great deal of pleasure to recommend you to anyone who desires the services of an Architect. Your Work at Winthrop College, the City Hall, and the State Capitol shows that you are master of your profession.

Yours very truly,

M. B. MCSWEENEY,
Governor.

BOARD OF SUPERVISORS, WYTHE COUNTY.

WYTHEVILLE, VA., November 28, 1901.

"Resolved, That the thanks of the Board of Commissioners of Wythe County be tendered to Mr. Frank P. Milburn, Architect, of Columbia, S. C., for his untiring interest in securing for Wythe County a creditable Court House, both in plan and construction, of which the County may be justly proud.

(Signed) A. L. PORTER,
Chairman.

COUNTY CLERK'S OFFICE.

WELCH, W. VA., May 4, 1895.

Know all Men by these Presents:

That we selected Frank P. Milburn as the Architect of our new Court House and Jail, having had plans from twelve different Architects to select from. Both buildings are now complete, at a cost to our County of \$54,000. They are a monument to our County, and a credit to the Architect. We are well pleased and satisfied with same, and do not hesitate to recommend Mr. Milburn to County officers in need of his services as a man worthy and well qualified in his profession.

G. B. BINGHAM, JUDGE OF THE TRIGG COUNTY COURT.

CADIZ, KY., November 11, 1895.

To Whom it may Concern:

We, the undersigned Commissioners of Trigg County, in the matter of erecting a new Court House for said County, do hereby certify that Mr. Frank P. Milburn was our Architect (having selected his plans from quite a number submitted to us), and as such was highly satisfactory. We cheerfully commend him as worthy of the consideration of any who may desire the services of a good man, a good Architect, and everything the term implies. We have a first-class building, and the best one we ever saw for the cost.

(Signed) G. B. BINGHAM,
JNO. D. SHAW,
J. M. TAYLOR,
R. A. BURNETT,
Committee.

JAMESTOWN, N. Y.

COMPLETE FIREPROOF EQUIPMENTS for BANKS, OFFICES & PUBLIC BUILDINGS our
SPECIALTY. Estimates made from Architect's Designs.

A Word About the Inside Finish....

Excepting faulty construction, which may endanger life and limb, there is no defect in a building quite so serious, and certainly none so much in evidence, as poorly finished woodwork.

There is an unfortunate tendency on the part of the owners to try to save a few dollars by the employment of cheap, unskilled labor, and the use of cheap materials in connection with the finishing work. The importance of having a skilled mechanic and selecting high grade Varnishes, Stains, Fillers, etc., cannot be exaggerated, for poor Varnish will hopelessly ruin any woodwork, and the consequent efforts to obliterate unsightly mars and scratches, and the attempts to remedy evils done, are but an ever increasing expense, with no possibility of ultimately securing a satisfactory finish.

We would urge you, therefore, to be guided in your selection of Varnishes, Fillers, etc., either by the advice of your architect, whose experience in such matters can save you endless worry and care, or to choose the products of a reliable manufactory, whose goods are known for their uniform high quality.

We are the only Varnish Manufacturers making a specialty of Architectural or House Varnishes, and our products are accepted as the standard for quality by the leading architects of the country.

The "TARGET-and-ARROW" Old Style roofing-tin,

the old, original brand, is exactly the same kind of durable roofing-tin that we have been making and selling for more than seventy years.

Our long experience—longer than any other tinplate house—is a guarantee of our responsibility, and the reliability of our goods. Our roofing-tin had already established a reputation for durability before any other tinplate house now in existence had started in business.

Notwithstanding competitors' arguments to the contrary, it is a fact that we offer to-day exactly the same old-time durable quality in our "TARGET-and-ARROW" Old Style tin as the tinplate we sold sixty and seventy years ago, which is found to-day on roofs in the older cities of this country still in good condition.

Note that we use the old-time name for this tin—"TARGET-and-ARROW" Old Style—rather than the words "Taylor Old Style," which have been imitated in every possible way by other tinplate houses.

Varnish in Architecture

SHODDY.

From its original significance the word shoddy has become a synonym for cheap and worthless goods of all kinds.

With most commodities there is comparatively little danger in being deceived by shoddy goods, if ordinary care is exercised by the buyer. Varnish, however, is a notable exception; a shoddy varnish cannot always be distinguished from a good one even by an expert if looked at side by side through a glass vessel; and more than this a shoddy varnish may for a brief time look as well as a good one even after it is applied.

Shoddy varnish, however, betrays its pedigree by quickly perishing and leaving as a heritage a dull and faded look on the woodwork.

Good varnish properly applied makes a permanently beautiful finish.

The only way to get a perfect interior finish is to use a perfect varnish. The majority of perfect interiors of natural woods are finished with "BERRY BROTHERS' ARCHITECTURAL FINISHES."

Finished specimens of wood, and instructive pamphlet on wood finishing mailed free for the asking.

THE TORRENTO-SANO WATER CLOSET FOR

Hotels, Public Buildings, Schools,
Factories, Railway and Public
Comfort Stations.

The Torrento-Sano has the good features of both the wood and the all-porcelain seats. There is sufficient wood to receive and sustain the user and there is porcelain where porcelain ought to be. Soiling of the floor is also effectually prevented by the raised front, the interior of which is flushed each time the closet is operated; this is an important feature in all public closets.

The "Presto" flush-valve as shown above is operated by depressing the China flush-button on top. It is exceedingly simple in construction, and has been installed with marked success in many buildings throughout the country, notably the U. S. War College and Engineers' Barracks in Washington, where over 200 are in use. Pamphlet on application.
